About Malta International Airport

Malta International Airport is the only airport serving the Maltese Islands, connecting the tiny island state to more than 80 destinations in Europe, North Africa and the Middle East, through over 30 partner airlines. With 97% of all Malta's tourists flying through it, the airport handles more than 5 million passengers and over 15,000 tonnes of freight annually. Since becoming fully operational in 1992, the terminal has received continuous investment and now accommodates more than 20 retail outlets, 14 catering establishments and parking for over 1,500 cars. Malta International Airport owns SkyParks Business Centre, which contains nearly 10,000m² of Malta's hardest working office space and 4,000m² of retail and amenities for the business and local community. The building is eco-certified by BREEAM and has become one of Malta's most sought-after corporate addresses.
